September 2010, Vol 3, No. 8

Great Weather Ahead!

The lazy days of summer are behind us so start making plans for a fun and festive fall season at ***Sunsites' Shadow Mountain Golf, Recreation & Events Center***. The *Farmers & Artisans Market* will have the annual ***Oktoberfest*** on Saturday, ***September 25th***, a day of beer, brats, and great entertainment. On ***October 30th*** we will be hosting the annual ***Chili Cook~Off***. This in conjunction with the last day of our Farmers Market until summer of 2011. Practice your chili skills and enter the 2010 chili competition. ***It's great fun!*** Bring out the whole family and sample the different chili's and you can help judge the event. For details & vendor info contact Frank at 520-826-1250 or email KlassAct@vtc.net

Two Major Golf Tournaments Coming to Shadow Mountain

October 23rd is set for the ***Valley TeleCom*** Tournament & Shadow Mountain welcomes the ***Willcox Cowbelles*** Tournament on **November 6th.** It's never too early to sign up, so mark your calendars!

Call or stop by the Pro Shop **520-826-3412**

Golf Course Update

Jim Cramer says we were hit with a major outbreak of brown patch fungus this year. It has had a devastating affect on our greens after great green conditions this Spring & early Summer. The fungus is widely spread throughout Arizona & even the nation. Several courses in Phoenix, Tucson, Green Valley & Douglas have lost their greens & have had to play on temporary greens. Many courses have actually closed. We have just completed aerating & reseeding the greens to have them in good shape for our busy Winter season. We are looking into changing our greens' grass variety next spring to help reduce problems our greens have suffered over the years.

Community Betterment Program

The ***Pearce-Sunsites Chamber of Commerce*** and ***Sunsites' Shadow Mountain Golf, Recreation & Events Center*** have teamed up with the State of Arizona Department of Corrections to take advantage of their ***Community Betterment Program***. The program will provide needed labor for clean up, maintenance, landscaping, painting and many other types of projects throughout the community and golf course. The labor comes at no cost and will fill many needs that have existed for many years. The Douglas Minimum Security Facility will provide the manpower. Several needs will be identified and crews will be assigned to address the work projects in the months to come. There are over 400 laborers working throughout the county every day and Sunsites is now positioned to benefit from major clean up and beautification endeavors.
